SOUTHERN DATA SYSTEMS dba NETTOGO

Southern Data Systems Inc. dba Nettogo, is an SBA 8(a), SDB and MBE certified Hispanic owned small business, founded in 1990, we are a Value Added Reseller and consulting firm that is geared to solving computer and network related issues for small to medium sized businesses. In addition we also own and operate a Secure Network Colocation Facility to offer our clients a one stop centralized solution to all their IT, Networking and communications needs.

YOUR MISSION IS OUR MISSION.

Our customers include Healthcare, Military, Aviation, [Government](#), Educational and Investment Institutions, as well as small to medium sized companies, local and abroad. Our mission is to provide a complete solution to our clients and not have them go through the frustration of having to deal with multiple vendors in order to accomplish a simple task. We are a one-stop shop to your IT problems, the buck stops here.

OUR COMMITMENT – ONE COMPANY – ONE SOLUTION.

At SDS, we run the course for the client and they only have to deal with one company. At SDS, there is no finger pointing or playing the blame game within multiple vendors, and unlike many businesses today, we do not open a trouble ticket for a call back, or have you go through an automated system. With SDS you get a technical expert the moment you call, and for emergencies you get our direct cell numbers. At SDS, there is no waiting.

OUR SERVICE IS OUR SPECIALTY:

- ✓ Single vendor for all your equipment, network, consulting and communication needs.
- ✓ In business for over 24 years.
- ✓ Engineers specializing in Windows, Linux, Novell as well as redundant security and high availability systems.
- ✓ 24x7x365 emergency contracts.
- ✓ Bi-Lingual Engineers and Sales Experts
- ✓ You will be working with an engineer the minute you call.
- ✓ We own a Colocation facility with our own dedicated IP blocks and AS numbers.
- ✓ Our size makes us very nimble allowing us to immediately do things that would take most providers or hosting companies days or weeks to accomplish.
- ✓ We offer remote replication/backup and remote monitoring, as well as remote repair/troubleshooting options.

CONSIDER US FOR ALL YOUR IT NEEDS

- ✓ Enterprise Network & Security (Infrastructure)
- ✓ Managed IT Services
- ✓ Strategic Staffing
- ✓ Colocation Services
- ✓ Database Maintenance & Support Services
- ✓ Clustering/Redundant Failover Systems
- ✓ Remote Backup Services
